I thank the dedicated and committed team of staff, sincere and hardworking students, co-operative parents, and the supportive members of the Managing Committee for this achievement. Our cherished motto is to empower girls through education and to shape well-rounded personalities that will contribute positively to society. We strive to impart knowledge that encompasses the prescribed syllabus of the institution, as well as the world that lies beyond the classrooms. It is my hope and belief that the availability of modern educational technology, combined with an emphasis on value education will inculcate ideals of excellence and leadership in our students.
